CSI tools to Exhibit at GRC 2016 in Vienna, Austria

Herent, BE – May 2016

CSI tools is proud to announce that they will be exhibiting at SAPinsider's GRC 2016 conference to offer proven advice to attendees. The event takes place at the Austria Center Vienna, June 20-22 2016.

Every year, in collaboration with SAP, SAPinsider Events presents the premier event for organizations using SAP solutions for GRC to analyze risk, optimize controls, detect and prevent fraud, and enable compliance. This event not only offers a detailed look at the entire range of capabilities within SAP solutions for GRC, it facilitates learning, networking, and one-on-one conversation with expert speakers.

Attending this conference will provide you with actionable advice, field-tested guidelines, and new techniques to significantly lower compliance, audit, and reporting costs and tighten security and system access control.

You can get full details on the agenda, as well as receive a special discount off the registration price by visiting www.grc2016.com/CSItools or by calling +1-781-751-8700.

About CSI tools
CSI tools has been on the market with their solutions for SAP access governance since 1997 and provides analytic control solutions that audit and monitor SAP environments, manage and validate authorizations, and build roles tuned to the organization's security requirements and business needs.

"We develop dynamic analytics tools that deliver intelligence from and to decisions taken in identity and access governance for SAP environments."
